

UNIONVILLE- CHADDS FORD SCHOOL DISTRICT

SECTION: COMMUNITY
 TITLE: SCHOOL VISITORS
 ADOPTED: April 20, 2015
 REVISED:

	<p style="text-align: center;">907. SCHOOL VISITORS</p> <p>1. Statement of Purpose The Unionville-Chadds Ford School District encourages parents/guardians to make informed decisions about the programs and services recommended for, or to which the district has assigned, their children. Informed decision-making can involve visiting a recommended or assigned classroom or program site. The district also encourages parents/guardians to become involved in the ongoing education and development of their children and recognizes that occasional classroom or program site visits can promote effective parental involvement. The interest that parents/guardians often have in visiting classroom and program sites must, however, be weighed against the disruption and distraction that often accompanies such visitations. Many children require a high level of consistency and predictability and low levels of visual and auditory distraction to learn and develop. The purpose of this policy is to establish rules that recognize the need of parents/guardians to inform their decisions about the education of their children without compromising unnecessarily the rights of other children to a stable, safe, and disruption-free learning environment.</p> <p>2. Classroom and Program Sites That Are Subject to Visitation A parent/guardian, or a person with appropriate professional expertise designated by a parent/guardian, may visit a classroom or program site when:</p> <ol style="list-style-type: none"> 1. The district has specifically recommended that classroom or program for their child; 2. The district has assigned the child to that classroom or program; or 3. The child is currently placed in that classroom or program. <p>2.0.1. <i>Visitations To Which this Policy does not Pertain.</i> This policy does not pertain to (a) participation in school-wide or classroom events or activities to which all parents/guardians or parent/guardian volunteers or chaperones are invited; (b) participation by invitation in meetings with professional staff either after student dismissal, in non-classroom space, or in unoccupied classrooms; (c) observation of</p>

The parent/guardian must state the reason for the visitation. Nothing in these guidelines shall require the district to schedule a visitation within five (5) days of receipt of a request unless it is required to do so by law, regulation, or order.</p> <p>Parents/Guardians of children who currently reside in the district may request a meeting with the principal or designee and schedule a tour of the school during non-student hours. Visits shall not exceed one (1) hour of silent observation in areas in which children are receiving instruction or are participating in activities;</p> <p>4.0.2. The total number of visits to any one (1) classroom or program site shall not exceed two (2) for any one (1) child during any twelve (12) month period; and</p> <p>4.0.3. The district may limit the timing or duration of visits based on the type and intensity of planned instruction or activities, the susceptibility of individual students to the disruption known or likely to be caused by the visit, the stated purpose of the visit, the number of adults the visit will place in the room at the same time, and the total amount of traffic in the classroom at or near the time of the visit.</p>
<p>5. Conditions of Visitations</p>	<p>The following conditions shall be observed for all visits:</p> <p>5.0.1.
